Armacell Sustainability Report 2025

Luxembourg, 2 July 2026 – Armacell, a global leader in flexible foam for the equipment insulation market and a leading provider of engineered foams, today announces the release of its 2025 Sustainability Report.

This annual publication outlines Armacell's progress across key environmental, social and governance (ESG) priorities and underscores the company's ongoing commitment to responsible and sustainable business practices.

Sustainability is at the heart of Armacell's strategy and reflects the company's tagline *Driving Energy Efficiency*. Through best-in-class insulation and lightweighting solutions, Armacell enables customers to reduce energy consumption and advance their own sustainability goals, while supporting long-term business performance and growth.

This year's report highlights major milestones, including the launch of Armacell's medium-term climate action plan, ongoing investment in research and development to accelerate more sustainable solutions, increased transparency through Environmental Product Declarations (EPDs), and continued improvements in workplace health and safety.

Armacell extends its gratitude to its customers and business partners for their continued trust and support.
