Mission, Vision and Values

Our Vision

We are committed to fulfilling our vision to be the **best performing global industrial gases and engineering company**, where our people deliver innovative and sustainable solutions for our customers in a connected world.

Our Mission

We live our mission of *making our world more productive* every day. Through our high-quality solutions, technologies and services we are making our customers more successful and **helping to sustain and protect our planet**.

Our Values

Sustainable Development

Every day, Linde team members around the world are helping to make a positive social and environmental impact in our communities, for our customers and within our own operations.

Achievements

Diverted more than **250 million pounds of waste** from landfills

On track to **achieve 30% representation of women** globally by 2030

Saved more than **500 million gallons of water** through sustainability initiatives

Helped customers avoid approximately **91 million metric tons** of equivalent carbon dioxide

Provided philanthropic support to more than **1,300 organizations** globally

Benefitted more than **350,000 people** through employee **community engagement** projects

Sourced more than **1/3 of electricity from low-carbon and renewable resources**

Best-in-class safety performance

Recognition & Awards

- Dow Jones Sustainability World Index (DJSI World) and DJSI North America: included in DJSI World for 21 consecutive years
- S&P Global Corporate Sustainability Assessment: industry-leading score in the 100th percentile in chemicals, #1 in industrial gases
- S&P Sustainability Yearbook 2023
- CDP: Linde recognized at Leadership level (A-) for both climate change and water security
- Science-based target approval: Linde's 2035 climate change goal validated by SBTi
- FTSE4Good Index constituent for eighth consecutive year
- One of World's Most Ethical Companies by Ethisphere Institute
- Bloomberg 2023 Gender-Equality Index
- Forbes 2023 World's Top Companies for Women

Introduction

This ESG Data report provides a consolidated overview of Linde plc's non-financial performance. Metrics cover the company's activities during the period January 1 to December 31 for the year indicated.

Linde plc was formed in 2017 in accordance with the requirements of the business combination agreement, dated June 1, 2017, as amended, among Linde plc; Praxair, Inc. (Praxair); and Linde Aktiengesellschaft (Linde GmbH). Effective October 31, 2018, the business combination was completed, and Linde plc is comprised of the businesses of Praxair and Linde GmbH. For 2018, pro forma data was calculated for numerous non-financial metrics to reflect what performance would have looked like had the merger been effective for all of 2018. In the tables on the following pages, if a 2018 cell is greyed out, a pro forma value was not calculated for that metric.

Consistent with Linde's financial reporting, all financial figures are reported in US Dollars.

Each year, Linde has various metrics externally audited. The most recent audit covers the 2023 data year. The audit assurance letters can be found in Linde's [Reporting Center](#).

Linde's Business Model

Linde's business model is to transform air and other process gases into applications that, in many cases, help customers become more energy- and resource-efficient or provide social benefits.

Linde's industrial gas processes transform natural resources into environmental and social value and impact. Principal business operations are to make atmospheric gases from raw materials in the air and electricity, and process gases, principally hydrogen, from natural gas or industry by-products, together with steam. The outputs of these processes, or our product applications, serve multiple end-markets. More than two-thirds of sales are underpinned by fixed fees or resilient end-markets (e.g., healthcare, food and beverage, and electronics as well as portions of sales to chemical and energy, metals, and manufacturing), which provide some protection from market swings.

Many of Linde's applications bring environmental, economic and social benefits to its customers, communities and the planet. For example, Linde's oxygen helps steelmakers save energy, allows sustainable aquaculture to thrive and serves hundreds of thousands of patients needing medical oxygen. Its hydrogen helps oil refiners to make ultra-low sulfur diesel (ULSD), which helps improve air quality, thereby improving the environment and human health. Linde's high-performance surface coatings help improve energy efficiency in jet engines and machine turbines. These outcomes deliver multiple longer-term impacts and sustainable business value.

Linde Applications Enable 2X Carbon Productivity

Linde is a company in the business of resource transformation in a world that is dealing with climate change. Below are our 2023 actual results as reported by Linde plc entities. We demonstrate that a subset of Linde applications allow our customers or their end users to avoid more than twice the GHG emissions of all Linde operations. In 2023, total GHG emissions were 38.1 million MT CO₂e, versus 91 million MT CO₂e avoided by our customers or end users, based upon several applications as shown below.

Again in 2023, a subset of Linde applications enabled more than twice the GHG benefit than was emitted in all global operations—nearly 2.4x more.

Values are based on 2023 reported and consolidated results from Linde plc subsidiaries following Linde plc reporting standards.
CO₂e = CO₂ equivalents

How We Create Economic, Environmental and Social Value

EMPLOYEES

A global corporation with a presence in more than 80 countries

- Supported 66,323 employees globally with personnel expenses totaling \$4.7 billion in 2023, including salaries, benefits, Social Security contributions and pensions, and share-based compensation

Committed to diversity and inclusion

- 28 percent female employees worldwide (29 percent female professional employees worldwide)
- Several program offerings including Strengthening the Pipeline
- Consistently listed on major Diversity and Inclusion indices

Commitment to safety: Nearly 6 million hours of safety training delivered in 2023 to employees and contractors

- Achieved Lost Workday Case Rate (LWCR) more than 4X better than the U.S. Occupational Health and Safety Administration all industries industrial average

CUSTOMERS AND INVESTORS

Shareholder focus

- Consistently delivered our commitments

Customer-centric, disciplined operations

- Adjusted after-tax return on capital*: 25.4 percent
- Industry-leading sale of gas project backlog of \$4.9 billion

Local business model

- Linde manufactures and distributes nearly all its products and manages 2+ million industrial customers on a regional basis

INNOVATION

Technology innovation

- Supplies liquid hydrogen to the world's first operational hydrogen-powered ferry for cars and passengers in Norway
- Incorporating carbon capture to reduce customers' emissions, including in the cement industry; currently developing Capture-to-Use, one of the first large-scale plants of its kind, in conjunction with Heidelberg Materials in Lengfurt, Germany
- Delivered 55 percent of revenue from applications that bring environmental and social benefits
- Developing the first large-scale greenfield blue ammonia facility in the United States with OCI, utilizing autothermal reforming with carbon capture to supply clean hydrogen.

NATURAL RESOURCES

Resource productivity

- Delivered productivity in-line with business strategic objectives
- Realized \$267 million savings from sustainable productivity, including avoiding an estimated >500 million gallons of water usage and 800,000 MT CO₂e**

Carbon footprint reduction

- 18 TWh low-carbon energy sourced (43 percent of all energy)
- Enabled 91 million MT CO₂e GHG*** emissions to be avoided by customers from five of Linde's key technologies

Risk-based water management

- Enabled more than 225 million people to have access to safe drinking water through gases used for water treatment and desalination

SOCIETY

Commitment to ethics and integrity

- Maintained strong compliance culture through Code of Business Integrity, which has been implemented globally

\$12.6 million in funding for social projects and initiatives

- Supported more than 1,300 organizations in 60 countries

105,000 employee volunteer hours contributed

- Impacted 350,000 people, including 100,000 children and students, through nearly 600 employee community engagement projects

Healthcare business

- Linde is a leading provider of respiratory therapy products and services. In the United States, for example, Linde delivers care to approximately 1.8 million patients in the home setting.

The icons on this page refer to the United Nations Sustainable Development Goals.

* Adjusted after-tax return on capital is a non-GAAP measure. For definition and reconciliation, please see Appendix to the Investor Teleconference Presentation Fourth Quarter 2023.

** CO₂e: CO₂ equivalents

*** GHG: Greenhouse gas

Another example is for SDG Goal 7, Target 7.2: "Increase the share of renewable energy by 2030." Linde will actively contribute to this target by doubling the purchase of low carbon energy by 2028.

Sustainable Development Targets 2018–2028*

Climate Change

Decarbonization Investment & Innovation

- >\$1 billion in decarbonization initiatives
- >1/3 annual R&D budget to decarbonization

GHG Reduction: Achieve 35 percent intensity reduction in GHG vs. EBITDA

- >2x low-carbon power sourcing, primarily from active renewable electricity
- Improve energy & GHG intensity
 - 4 percent for HyCO GHG
 - 7 percent for ASU energy
 - 10 percent for distribution fleet GHG
- 10 percent absolute reduction in GHG emissions from other GHG

Innovative & Sustainable Solutions

- Contribute >50 percent annual sales from Sustainability Portfolio
- Enable >2x annual carbon productivity

Safety, Health & Environment

Occupational and Distribution Safety

- Achieve annual operational safety better than industry levels (LWCR, TRCR)
- Achieve annual Commercial Vehicle Incident Rate (CVIR) of <2.5/million km

Health/Product Stewardship

- Zero global sales of coating slurries that contain hexavalent chrome by 2029 (surface coatings)

Environment

- Achieve \$1.3 billion Sustainable Productivity
- Implement Water Management Plans at 100 percent relevant sites
- Achieve Zero Waste at 450 sites

People & Community

Diversity & Inclusion

- Achieve 30 percent representation of women globally by 2030

Employee Community Engagement

- Contribute 550 CE projects by 2028
- Integrate Community Needs Assessments into Engineering project design phase (U.S. only)

Global Giving

- Increase environmental/climate-related philanthropic spend by 50 percent

Integrity & Compliance

Integrity & Compliance

- Confirm 100 percent annual certification to Linde's Code of Business Integrity

* See Performance Towards Targets for definitions of scope and boundary of each target. All targets run 2018 – 2028 except where otherwise noted.

Continuing the Commitment: Linde's Sustainable Journey to 2035*

Linde is proud to extend and strengthen its commitments with new targets on our journey to 2035.

Reduce water withdrawal by 20% on intensity basis for all high water use sites in high-water-stress areas (2021 baseline)

100% participation in Zero Waste with roll-out of initiatives to reduce waste at source

Additional \$3B in investments for internal decarbonization efforts at Linde, starting 2024

100% SD training to employee population by 2028*

* Targets terminate in 2035 unless otherwise noted.

Linde's 2028 Targets

Linde's ambitious Sustainable Development 2028 (SD2028) Targets are our roadmap and plan for the coming 10 years. The targets are organized in four categories that we consider relevant to the company and its internal and external stakeholders. The targets are consistent with Linde's business model, mission and values, and the strategic business objectives named by the Board of Directors as a basis for variable compensation. Linde's businesses and functions are accountable for achieving these targets – they are embedded into our businesses and operations. Each target is a business KPI and managed as part of the business.

Climate Change

Linde Targets*	2020	2021	2022	2023	Target	Status
Invest in decarbonization initiatives, cumulative \$ million	128	299	542	1,800	1,000	↑

Water consumed	Million m3	73.7	80.4	88.3	85.7
Portion consumed in regions with high or extremely high baseline water stress	%	23	20	21	21
Fresh water consumed	Million m3	93.1	99.5	103.9	97.9
Fresh water consumption intensity (over revenue)	Million m3/\$ billion	0.0034	0.0032	0.0031	0.0030
Water Management Plans (WMPs) at high-water-use sites in areas of high-water stress	# of sites in scope, % WMPs implemented	67 (20%)	67 (36%)	64 (48%)	64 (61%)
Water incidents of non-compliance	# of incidents	0	0	0	0
Waste					
Non-hazardous waste generated	MT	59,628	47,769	55,000	50,300
Non-hazardous waste disposed	MT	24,698	15,939	21,200	19,900
Non-hazardous waste disposal intensity (over revenue)	MT/\$ million	1.13	0.52	0.64	0.61
Non-hazardous waste recycled	MT	34,929	31,830	33,900	30,400
Hazardous waste ⁶ generated	MT	29,800	25,500	26,610	31,800
Hazardous waste disposed	MT	24,900	21,500	18,510	23,640
Hazardous waste disposal intensity (over revenue)	MT/\$ million	0.91	0.70	0.55	0.72
Hazardous waste recycled (marketable only)	MT	4,900	4,000	4,050	4,080
Zero waste sites	#	286	360	371	421
Air Emissions (non-GHG)					
NOx emissions	MT	12,030	12,236	9,569	9,079
NOx emissions intensity (over revenue)	MT/\$ million	0.442	0.391	0.29	0.28
SOx emissions	MT	790	714	779	795
SOx emissions intensity (over revenue)	MT/\$ million	0.029	0.023	0.023	0.024
VOC emissions	MT	1,141	948	931	985
VOC emissions intensity (over revenue)	MT/\$ million	0.039	0.031	0.028	0.030
Other					
Sustainable productivity savings	\$ million	133.0	187.0	215.0	267.0
Environmental fines ⁷	\$ million	0	0.05	0	0
Sites externally verified to be in conformance with ISO 14001	% sites by revenue	87	87	87	83
Conformance to Linde global health, safety, environment and security requirements and management system, in alignment with ResponsibleCare® and international standards ISO 14001, OHSAS 18001/ ISO 45000, FSC 22000 and ISO 9001	% sites	100	100	100	100

⁵Includes fresh water + industrial/recycled water. Does not include brackish water.

⁶Hazardous waste values include waste defined as hazardous by regulatory authorities in each country we operate.

⁷Linde reports significant fines (those costing more than \$10,000) in the year the violation occurred (not the year the fine was paid).

Safety and Health

Metric	Unit	2020	2021	2022	2023
Operational Safety					
Lost workday case rate (LWCR), employees and contractors	# of incidents per 200,000 hours worked	0.21	0.22	0.19	0.09
Total recordable case rate (TRCR), employees and contractors	# of incidents per 200,000 hours worked	0.51	0.54	0.49	0.37
